The his promptness is capturing traveling the course of his daughter and her capture by the operations. Captain Cranmer had the taken in connection with these lacts,

failing to redeem her from her evil ways. He struck her three times on the head, and she fell over a sew. In thought she was only fainting, and bathed her face in water. Becoming alarmed, he ran for Dr. Mailory, but the physician being at his office in the city. angers of storm, and tempest and fire. so low that you will make money by The Eddystone was built after the form purchasing at once. of the British oak, a tree that becomes all the more strongly rooted because of the winds that assail it. Like the Eddystone, the Ætna appears to come out of every storm not only unshaken, but the better prepared to meet the next But all this relates to the past. What of the present condition of the Ætna? How has the company paid these enor-

mous and exceptional losses? Why the stockholders have put their hand Brown Linens for Suits, in their pockets, and there they found the wherewithal to meet all defici-Fancy Linens for Polonaises, Suits, etc., Since the first day of December, 1871 the stockholders have subscribed new capital to the amount of two million five hundred thousand dollars, and today the Ætna's stock is worth one dollar Parasols, Fans, and eighty-two cents per share. Its paid up capital is three million dollars, but it has assets amounting to six million dol Lace Shawis, lars. It has over three-quarters of a million cash on hand and in bank (no need of "shinning" there to find the money for paying any ordinary draft at A line of Kid Gloves at 50c a pair; real sight), and the remainder of its assets French Kid Gloves one dollar a pair, are invested in such securities as a pruient man would select for the safe-keep ing of the legacy upon which the sub-sistence of his family would depend. when he should be no longer on earth to ake care of them. That is how the Ætna stands now. It is always ready to respond to any honest demand. Car here be a question about the future of a company that has always been con-ducted upon this, the very highest, principle of commercial honor?

We feel it to be a duty, as it certainly is a pleasure, to make conspicuous mention of this time-honored instituion, when the facts in regard to its career are so remarkably important and oteresting. Almost every one is conafe-which is after all the cheapest-nsurance; and we feel perfectly justified n expressing a positive conviction that or "insurance that is sure" there is no
